

MOLLUSCS IN ARCHAEOLOGY:
methods, approaches and applications

edited by
Michael J. Allen

SERIES EDITORS: Michael J. Allen and Terry O'Connor

Oxbow Books
Oxford and Philadelphia
In conjunction with the Conchological Society of Great Britain & Ireland

Contents

Preface
List of contributors
Acknowledgements

Molluscs in Archaeology; an introduction
Michael J. Allen and Bas Payne

Palaeo-environments; environment and land-use

TERRESTRIAL HABITATS, CONTEXTS AND LANDSCAPES

1. Land snails in archaeology
Michael J. Allen
2. The geoarchaeology of context; sampling for land snails (on archaeological sites and colluvium)
Michael J. Allen
3. Numerical approaches to land snail palaeoecology
Matt Law
4. Molluscs and the palaeo-environment of coastal blown sand and dunes
Thomas Walker
5. Molluscs from machair-dune systems: archaeological site formation processes and environmental change
Matt Law and Nigel Thew
6. Caves and molluscs
Chris O. Hunt and Evan A. Hill

WETLANDS AND FRESH- AND BRACKISH-WATER

7. Molluscs from the floodplain alluvial sediments in the Thames Valley
Mark Robinson
8. Wetlands; freshwater and slum communities
Terry O'Connor

Palaeo-environmental reconstruction: Europe, the Mediterranean and Near East

9. The southern English chalklands: molluscan evidence for the nature of the post-glacial woodland cover
Michael J. Allen
10. (Some thoughts on) using molluscs for landscape reconstruction and ecology in Malta
Michael J. Allen and Bri Eastabook
11. Molluscan remains from Early to Middle Holocene sites in the Iron Gates reach of the Danube, Southeast Europe
Catriona Pickard, Adina Boroneanț and Clive Bonsall
12. Land Mollusc middens
Victoria K. Taylor and Martin Bell

Marine and Food and Diet

13. Marine molluscs from archaeological contexts; how they can inform interpretations of former economies and environments
Liz Somerville, Janice Light and Michael J. Allen
14. Oysters in archaeology
Jessica Winder
15. Shell middens
Karen Hardy
16. The collection, processing and curation of archaeological marine shells
Greg Campbell

Artefacts

17. Shell ornaments, icons and other artefacts from the eastern Mediterranean and Levant
Janet Ridout-Sharpe
18. Molluscan shells as raw materials for artefact production
Katherine Szabó
19. How strong is the evidence for purple dye extraction from the muricid gastropod *Nucella lapillus* (L. 1758), from archaeological sites in Britain and Ireland?
Janice Light and Thomas Walker
20. Marine shells as artefacts?; a cautionary tale of natural wear and tear as compared to resourceful anthropogenic modification processes
Janice Light

Science and Shells

21. Bivalves and Radiocarbon
Ricardo Fernandes and Alexander Dreves
22. Radiocarbon dating of marine and terrestrial shell
Katerina Douka
23. Stable Isotope ecology of terrestrial gastropod shells
André Carlo Colonese
